Welcome to the cheerful exhibition 'Play with me', in which artworks of three artists are central around the theme of art & seduction.

The basis for the exhibition is the extraordinary art project and also title of the exhibition 'Play with me' by Italian artist **Diego Tolomelli**. His idea to make an interpretation of playing cards showing the entire LHBTI community, but then implemented as stained-glass windows, started in 2015. The project, which is as large as a church window, includes the kings, queens, peasants and aces, as well as a joker and two stained glass panels from the reverse of the blue and red cards. The gallery has its designs, in which all forms of sexuality occur, published as a box of playing cards in a limited edition (€ 19,95, excl. shipping costs).

Never too old seems how absolutely fantastic the Duplo World of Danish painter **SvendA** is, showing his latest paintings as a playroom for 18+. Multi-faceted Dutch artist **Antoine Timmermans** shows his original, colourful, ceramic winged phalluses, in which eroticism is transformed into flying 'objects d'art'.
